Factory Information

For over 60 years Chance Rides has been at the heart of **manufacturing excellence** in the amusement industry. Chance Rides is committed to continuing that standard of excellence for another 60 years and beyond.

Engineering

Our experienced designers and engineers use their imagination, creativity, skills and tools to translate an idea into reality.

Prototype Shop

Every concept is tested with a working prototype that goes through extensive testing and establishes product specifications.

Fabrication

Chance Rides has been at the forefront of manufacturing excellence for over 60 years and we remain a leader in the industry. Our rides are American made using American ingenuity.

Molding

Our full integration includes molded parts on our rides, coasters and people movers. Including carousel scenery and animals.

Painting

Chance Rides uses meticulous quality standards to ensure a long lasting paint finish on every part of our rides. Each section of the part is measured for paint thickness to ensure a consistent coating.

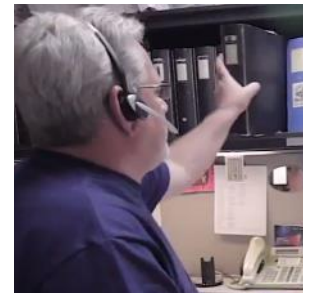

Carousel Art

Artists hand paint and work with each carousel figure for nearly 100 hours, coaxing it into colorful life. The result is a one-of-a-kind work of art that will stand the test of time.

Final Assembly

The Chance Rides' 20-acre facility is fully integrated, giving us the ability to complete assembly to the customers exact specifications.

Customer Care Service

From delivery, to installation, to when the ride is in service, Chance Rides remains your partner with personalized customer support for every aspect of your operation.
